- (ii) Make a determination to revoke the approval of the manufacturer's meter or class of meters; or
- (iii) Withdraw the suspension based on identification and implementation of a satisfactory solution to the problem. Manufacturer suspensions may be withdrawn before the end of the 90-day period if the Postal Service determines that the manufacturer's solution and implementation are satisfactory.
- (c) The manufacturer may present the Postal Service with a written defense to any suspension or revocation determination within 30 calendar days of receiving the written notice (unless a shorter period is deemed necessary). The defense must include all supporting evidence and state with specificity the reasons for which the order should not be imposed.
- (d) After receipt and consideration of the written defense, the Postal Service shall advise the manufacturer of the decision and the facts and reasons for it. The decision shall be effective on receipt unless it provides otherwise. The decision shall also advise the manufacturer that it may appeal that determination within 30 calendar days of receiving written notice (unless a shorter period is deemed necessary), as specified therein. The appeal must include all supporting evidence and state with specificity the reasons that the manufacturer believes that the decision is erroneous.
- (e) An order or final decision under this section does not preclude any other criminal or civil statutory, common law, or administrative remedy that is available by law to the Postal Service, the United States, or any other person or concern.

§501.13 Reporting.

- (a) For purposes of this section, "manufacturer" refers to the authorized postage meter manufacturer in §501.1 and its foreign affiliates, subsidiaries, assigns, dealers, independent dealers, employees, and parent corporations.
- (b) Each authorized meter manufacturer in §501.1 must submit a preliminary report to notify the Postal Service promptly (in no event more than 21 calendar days of discovery or 21 cal-

- endar days from June 30, 1995) of the following:
- (1) All findings or results of any testing known to the manufacturer concerning the security or revenue protection features, capabilities, or failings of any meters sold, leased, or distributed by the manufacturer that have been approved for sale, lease, or distribution by the Postal Service or any foreign postal administration; or have been submitted for approval by the manufacturer to the Postal Service or other foreign postal administration(s).
- (2) All potential security weaknesses or methods of meter tampering of the meters that the manufacturer distributes of which the manufacturer knows or should know, and the meter or model subject to each method. These potential security weaknesses include but are not limited to suspected equipment defects, suspected abuse by a meter licensee or manufacturer employee, suspected security breaches of the Computerized Remote Postage Meter Resetting System, occurrences outside normal performance, or any repeatable deviation from normal meter performance (within the same model family and/or by the same licensee).
- (c) Within 45 days of the preliminary notification of the Postal Service under §501.13(b), the manufacturer must submit a written report to the Postal Service. The report must include the circumstances, proposed investigative procedure, and the anticipated completion date of the investigation. The manufacturer must also provide periodic status reports to the Postal Service during subsequent investigation and, on completion, must submit a summary of the investigative findings
- (d) The manufacturer must establish and adhere to timely and efficient procedures for internal reporting of potential security weaknesses. The manufacturer is required to submit a copy of internal reporting procedures and instructions to the Postal Service for review.

§ 501.14 Administrative sanction on reporting.

(a) Notwithstanding any act, admission, or omission by the Postal Service
